Dear Constituent,

I am looking forward to meeting you all over the coming weeks as I make my way through the Constituency of Dublin South Central. I will be making every effort to meet as many people as possible.

Yesterday was my first official day as a politician and it was an interesting experience. Over the next couple of months people will see that I am not the usual kind of politician. I'm not a historian, I haven't been eating and breathing politics for the past 30 years, what I have been doing is building a successful career in the music business. In that time I have taken on huge projects virtually single handed and **made them happen** and brought them in on, or under, budget. I have produced major television programs including The American Tenors PBS special filmed in the Kodak Theatre in Hollywood (where they do the Oscars). On that particular occasion the head cameraman came up to me and said he had to shake my hand as it was the first time he'd ever been involved in a production where the same guy was the executive producer, raised all the funding for the recording, put the act together from auditions all over the USA, arranged all the music and conducted the performance! No wonder I was tired after it!

Some people are going to say - "What does Frank McNamara know about politics?" - My answer to that is simple - a politician is first and foremost a **representative**. Someone who will honestly and diligently represent the views and concerns and needs of his electorate. While others are arguing "politics" that's what **I'll** be busy with - representing you, should you elect me. Some people will say - "Celebrity Candidate" - I say **use my celebrity** - for most issues the most difficult part is getting attention - I can get attention!

Let me know how I can help **you** - send me a text to 085 12 69 441. Text me your name and number and I'll be happy to call you or text me your concerns if you prefer. Or you can contact me through my website www.frankmcnamara.com or you can email me directly at frank@progressivedemocrats.ie or simply use the contact form on this website
